

Environmental Policy

To comply with relevant legislative, regulatory and other requirements to which the organization subscribes and continually improve the company's environmental performance.

To prevent and minimize pollution, our company strategy in environmental management includes :-

- Adoption of recycle measures
- Green purchase
- Energy saving
- Proper disposal of chemical
- Other requirements applicable in company and affecting environmental aspects.

To cultivate environmental awareness among staff and business partners and all person working for or on behalf of our company.

Safety Policy

Management of the China Goldjoy Group Limited is vitally interested in the health and safety of its employees. A major on-going objective is to protect employees from workplace injury or illness as an integral part of the business performance.

China Goldjoy Group Limited will make every effort to provide a health and safe work environment by adopting the management system: OHSAS 18001:20071 and ISO14001:2004. All supervisors and workers must be dedicated to the objective of reducing the risk of injury and illness.

President is accountable for overall co-ordination and implementation of the policy. Managers and Supervisors will be held accountable for the health and safety of workers under their supervision. Supervisors are responsible to ensure safe work practices and procedures through regular safety toolbox talk. Workers must receive adequate training in their specific work tasks to protect their health and safety.

Every employee must protect his or her own health and safety by following the law, and the China Goldjoy Group Limited's safe work practices and procedures, and provide their feedback through the Safety Committee. It is the best interest of all parties to consider health and safety in every activity.

Commitment to comply with legal and other requirements to which the organization subscribes and continual improvement in health and safety matters must form an essential part of the Company.
